The Campus Safety Office is committed to making Vassar College a safe place in which to live, work, and study.

Arlene Sabo,
Director of Campus Safety

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The College prepares this report to comply with the [Clery Disclosure of Campus Security and Crime Statistics Act](#) (20 USC § 1092(f) the “Clery Act”), using information maintained by the Campus Safety Office, information provided by other College offices, including Residence Life and Student Wellness, Equal Opportunity and Affirmative Action/Title IX, Health Promotion and Education, Campus Security Authorities and information provided by local law enforcement agencies surrounding the main campuses and relevant Clery Act geography.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, on public property surrounding the campus, in certain off-campus buildings or property owned, leased or controlled by Vassar College. This report also includes institutional policies concerning campus safety, such as policies regarding sexual assault, alcohol and other drugs. Finally, this report includes important information about residence hall fire safety and reporting.

Vassar College distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the Vassar community. Anyone, including prospective students and employees, may obtain a paper copy of this report at the Campus Safety Office, located in the New Hackensack Building, 2500 New Hackensack Road or by contacting Campus Safety at (845) 437-5200 or by visiting <https://offices.vassar.edu/campus-safety/statistics/>

ABOUT THE CAMPUS SAFETY OFFICE

The Campus Safety Office strives to provide high quality security, safety and crime prevention services that meet the needs and standards of the institution. Campus Safety Officers are not sworn Peace or Police Officers, they do not carry firearms and do not possess the power to make warrantless arrests. Campus Safety Officers are given yearly training to adhere to the strict standards as set forth by New York State law. Campus Safety is responsible for providing security and safety for the entire College community. Campus Safety Officers provide 24-hour, 7-day-a-week service consisting of vehicle patrol and foot patrol as well as access to closed circuit television cameras (CCTV). Officers also staff a Campus Response Center (CRC) which provides for the centralized response to alarms and other dispatching functions for the College.

The Campus Safety Office is currently staffed by the Director, five full-time shift supervisors, two part-time shift supervisors, three specialized supervisors, one investigator, twenty-one full-time officers, and two part-time officers. In addition, the department is supported by one full-time and one part-time administrative assistant. Campus Safety does not have jurisdiction outside of Vassar property.

Vassar Campus Safety also runs the shuttle service that provides warm, dry transportation between on-campus locations on a regular schedule posted throughout campus.

Vassar College takes great pride in the community, and offers students, faculty and staff many advantages. This community is a great place to live, learn, work and study; however, this does not mean that the campus community is immune from all of the other unfortunate circumstances that arise in other communities. With that in mind, Vassar College has taken progressive measures to create and maintain a reasonably safe environment on campus.

Though Vassar College is progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment when living, working or visiting on campus.

WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

The Campus Safety Office maintains a highly professional working relationship with the Town of Poughkeepsie Police Department and local law enforcement. Campus Safety follows all applicable policies and laws regarding confidentiality of records and reserves the right to provide police any information obtained as a result of a criminal investigation. Campus Safety strongly encourages anyone who is the victim or witness to any crime to promptly report the incident to the Campus Safety Office. Accuracy, promptness, and completeness in reporting will allow Campus Safety and the Town of Poughkeepsie Police Department or other agencies (where relevant) to best respond to any incident or report. It is the right of any member of the College community to contact the Town of Poughkeepsie Police Department to investigate any crime. Assistance in contacting the Police Department may be arranged through the Campus Safety Office.

A formal written agreement has been completed with the Town of Poughkeepsie Police Department that ensures mutual cooperation in reporting crimes that may occur on or near the College Campus.

SECURITY OF AND ACCESS TO COLLEGE FACILITIES

At Vassar College, most campus buildings and facilities are accessible to members of the College community, guests, and visitors during normal hours of business, Monday through Friday, and for limited designated hours on weekends and holidays. Facilities are maintained and their security monitored 24 hours per day and 7 days per week. Access hours for academic buildings are based on the needs of the academic departments. Faculty and staff offices are not open to the general public without an appointment and/or escort. The Campus Safety Office provides routine, random patrols of all non-residential College facilities 24 hours per day. Many areas of the College with limited access require a key or card swipe access. Card swipe access is monitored and recorded. Annually, the Security Advisory Committee conducts a safety walk to assess security issues on campus grounds.

The Campus Safety Office seeks to enhance campus safety by utilizing security cameras in a professional and ethical manner, consistent with legal rights of privacy. Our security cameras are in use and are located throughout all College properties.

Many buildings and areas within buildings are monitored by intrusion alarm systems. These systems are monitored by Campus Safety 24 hours per day and 7 days per week with officers responding to all alarm activations along with local law enforcement when requested.

SPECIAL CONSIDERATIONS FOR RESIDENCE HALL ACCESS

Assuring the security of the resident student population is a priority for the residential life staff. Security policies and procedures are outlined in printed regulations and discussed with residents in crime prevention seminars organized by Residential Life and Campus Safety.

Should an emergency arise, a staff member is on call 24 hours a day, 7-days a week. House advisers (trained residence life professionals) and house fellows (faculty members) live in the residence halls and are also available to meet students' needs. Each residence hall has a card entry system. Only individuals with proper ID or guests accompanied by their hosts are authorized to enter into the residence halls.

In addition, safety officers conduct regular rounds both inside and outside of each residence hall during evening and night hours. Safety officers also patrol the grounds of the Town Houses, South Commons, and Terrace Apartments at night.

SECURITY CONSIDERATIONS FOR THE MAINTENANCE OF CAMPUS FACILITIES

Vassar College is committed to campus safety and security. Campus locks, landscaping and outdoor lighting are designed for safety and security. Sidewalks and building entrances are illuminated to provide well-traveled, lighted routes from parking areas to buildings and from building to building. We encourage community members to promptly report any security concerns, including concerns about locking mechanisms, lighting, or landscaping to the Campus Safety Office at (845) 437-5221 or Facility Operations at (845) 437-5555.

REPORTING CRIMES¹ AND OTHER EMERGENCIES

Vassar College has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate College officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire Vassar community that you promptly and accurately report all incidents. In the event of an emergency or crime in progress on or near College property, students, faculty and staff are directed to contact the appropriate law enforcement agency via 911 and then to contact Campus Safety at (845) 437-7333 to ensure an effective investigation and appropriate follow-up actions, including issuing a Crime Alert or emergency notification, where applicable.

Reporting promptly allows rapid recovery from insurance, facilitates collection of evidence, provides responders with the most complete picture before their arrival, and provides the most appropriate emergency response resources. Both prompt and accurate reporting are essential and may save lives. It is important for anyone witnessing a crime or other emergency to ensure assistance is coming, especially when victims may be unable to make that important call themselves. Prompt reporting also allows for timely Crime Alerts and emergency notifications.

¹ See APPENDIX A: NYS Crime Definitions and APPENDIX C: Clery Act Reportable Crime Definitions

VOLUNTARY, CONFIDENTIAL REPORTING

If crimes are never reported, it makes it more difficult to help other members of the community from also being victims. We encourage Vassar College community members to report crimes promptly and to participate in and support crime prevention efforts. The Vassar community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within Vassar or the criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the College to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Campus Safety Office may not be able to ensure confidentiality and will inform you in those cases.

Anyone may call local law enforcement via 911 and then Campus Safety at (845) 437-7333 to report concerning information. Callers may remain anonymous.

REPORTING TO CAMPUS SAFETY

We encourage all members of the Vassar community to report all crimes and other emergencies in a prompt and accurate manner to the Campus Safety Office at (845) 437-7333 or from a campus phone ext. 7333. Criminal incidents requiring attention beyond Campus Safety will be referred to the local law enforcement agency having jurisdiction over that location. Prompt reporting to Campus Safety will assure that Timely Warnings or Emergency Notifications (if necessary) are issued and the proper crime statistics disclosures are provided.

EMERGENCY PHONES

The Vassar campus is equipped with emergency phones (also known as blue phones); these emergency phones are strategically located throughout College properties. The emergency phones are easily identified by their blue lights. When the emergency button is pushed, the caller is in immediate contact with the Campus Safety dispatcher. In addition to providing voice contact with the security dispatcher, the emergency phone also enables the dispatcher to see the caller's location on our campus.

ANONYMOUS REPORTING

If you have information about a crime or other improper activity and would like to report it anonymously, please use <https://offices.vassar.edu/campus-safety/forms/report/>

REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES (CSA)

While the College prefers that community members promptly report all crimes and other emergencies to Vassar’s Campus Safety Office or 911, we also recognize that some may prefer to report to other individuals or College offices. The Clery Act recognizes certain College officials and offices as “Campus Security Authorities” (CSA). In addition to CSA’s who are a part of Campus Safety and those specifically designated by Vassar as a CSA, the Act defines CSA’s as “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While Vassar has identified numerous CSAs at the College, we officially designate the following offices as places where campus community members should report crimes:

Official	Campus Address	Phone Number
Campus Safety Office Campus Response Center	Main Building, first floor, C-1-2	(845) 437-5221 (845) 437-7333 Emergencies

PASTORAL AND PROFESSIONAL COUNSELORS

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Vassar College to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, the College encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT OFF-CAMPUS LOCATIONS

Vassar College does not have jurisdiction over, or recognize any off-campus student organizations; nevertheless, it relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Vassar students while off campus.

DISCLOSURE TO VICTIMS

The College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

EMERGENCY ALERTS AND RESPONSES

I. Timely Warning Reports

Vassar has long recognized the importance of keeping its community members and others well informed about public safety issues. Vassar College's Campus Safety Office provides timely notification of potential and actual occurrences of criminal activity to the Vassar community in conjunction with other law-enforcement agencies and other College departments. Campus Timely Warnings intend to provide timely warning of crimes that pose an ongoing threat to faculty, staff, and students. These Warnings contain a brief description of the incident; the date, time, and location of the incident; and precautions to take.

Other Campus Advisories are also issued in those instances where the community should be aware of potential safety issues and other emergencies.

II. Emergency Notification

The College has developed multiple means of communicating emergency information, including the Vassar College website at <https://offices.vassar.edu/campus-safety/safety/alerts/>, automated telephone and text messaging, an emergency siren, emails, digital signage emergency messaging and safety patrol announcements via portable loudspeaker.

A. Automated Telecommunications/Email/Text Message Systems

Computing and Information Services, in collaboration with the Offices of Communications and Campus Safety, maintains, and tests emergency communications systems capable of sending automated telephone calls, emails, and text messages to the entire student body and workforce.

Twice a year the College tests the automated telephone and text systems by sending a communication to the phones of registered users. Users are asked to update their registered contact information whenever their contact information changes.

B. Responses to Emergency Siren on Campus

A violent incident on campus is something none of us expects to experience. Preparation for what to do in such instances is essential, however, and the College provides regular information sessions for students and employees. Below is a summary of main points to follow. Remember: RUN, HIDE, and FIGHT.

RUN: If the location of the problem is clear and it is obvious you can flee to a safer location, your best option may be to RUN.

HIDE: If fleeing does not seem like a safe option, HIDE in the most effective way. You can:

Lock or barricade your door, turn out the lights, silence your cell phone or other device that could indicate your presence. Move away from doors and windows. If you are in an office, hide under your desk if you can and pull your desk chair under the desk.

FIGHT: If you are near the source of the gunfire, you may need to DEFEND yourself. Look around for what may be suitable objects that you can use to disarm or disable the perpetrator — fire extinguisher, chair or other furniture, for example. If you are with other people, form a plan to protect yourselves.

Whether or not you hear the siren, if you hear what sounds like gunshots, assume they are gunshots and consider your immediate options to avoid the perpetrator.

Emergency Management and Evacuation Procedures

Vassar Security Officers are trained first responders and are prepared to take action in any emergency situation that may arise on campus. A Crisis Response Team, as well as a broader Crisis Communication Planning Team, is in place to allow immediate response by individuals performing specific roles and functions already predefined.

A Crisis Communication Plan has been developed by the College as part of its ongoing effort to protect Vassar College students, faculty, and staff. The development of this plan is based on a realistic assessment of potential incidents that could affect our community and the capabilities to react to those situations.

The Vassar College emergency response plan permits the simultaneous distribution of broadcast emails, text messages, and voice calls (including voice mails for calls unanswered). The system is used to distribute emergency notifications without delay in situations where a clear and active (e.g., in progress) threat or emergency exists that impacts the community and where it is recommended that the recipients take some form of action in response to the active threat or emergency. Our emergency siren and emergency notification system is tested twice a year. Tests are always announced. Upon hearing the siren one should check for an emergency alert and take protective action.

More detailed information on emergencies, fire, evacuation and shelter in place drills can be found on the Residential Life and Student Wellness website: <https://offices.vassar.edu/campus-safety/procedures/>.

DRILLS, EXERCISES, AND TRAINING

The College prepares for a variety of emergency situations under the leadership of the Crisis Response Planning Group. The group meets regularly throughout the year, organizes teams to study resources and procedures, conducts tabletop and other exercises with public safety agencies, and develops the College's Crisis Management Plan. Vassar College tests emergency response and reviews evacuation procedures at least annually. These tests include regularly scheduled drills, exercises, and appropriate follow through activities, designed for assessment and evaluation of emergency plan capabilities. At various times per year, the College advertises its emergency response procedures to the campus community through seminars, email and other publications and at least once in conjunction with a test

of its emergency response and evacuation procedures. The College maintains and tests its Crisis Communications Plans on an annual basis.

For questions and comments, please contact Campus Safety, (845) 437-5200. Information is also available at <https://offices.vassar.edu/campus-safety/resources/emergency-resources/>.

In an emergency, call the Campus Response Center at (845) 437-7333.

CAMPUS SECURITY POLICIES

I. Weapons/Dangerous Items

Possession, storage, and/or use of a firearm(s) of any description (including, but not limited to, air rifles, airsoft guns, paintball guns, pellet guns, pistols, ammunition, gunpowder, etc.) at Vassar College is prohibited and subject to immediate termination of the Housing Agreement and removal from residence, as well as processing through the Vassar Community Expectations system and/or criminal prosecution.

In addition, possession, storage or use of a dangerous weapon (including but not limited to clubs, dangerous knives, martial arts weapons), hazardous chemicals or biological substances, explosive devices of any description (including but not limited to fireworks, regardless of size or type), incendiary devices specifically modified to be used as a weapon, hunting equipment, and other dangerous articles, weapons, or substances in the residences is prohibited and may be subject to immediate termination of the Housing Agreement and removal from residences, as well as processing through the Vassar Community Expectations system and/or criminal prosecution.

II. Missing-student Notification Policy

The following policy has been established concerning students who live in College-owned campus housing and who, based on the facts and circumstances known at the time to College officials, are presumed to be missing. Reports of a missing student should be made to one of the following Vassar College officials: Director of Campus Safety, (845) 437-7333, Associate Dean of the College for Residential Living and Wellness, (845) 437-5315, Dean of the College, (845) 437-5600, Director of Residential Education, (845) 437-5860. While the policy, pursuant to the Clery Act, covers residential students who are missing for at least 24 hours, Vassar encourages anyone to call the above-listed phone numbers if there is a concern about a missing on-campus residential student regardless of the time period.

Other College officials receiving a missing person's report relating to a student are required to immediately notify the Associate Dean of the College for Residential Living and Wellness or Campus Safety immediately. Any report of a missing student will be fully investigated by appropriate college personnel under the coordination of the Associate Dean of the College for Residential Living and Wellness and/or the Director of Campus Safety. In order to determine if a student is missing, College officials will check a student's card access records, class attendance, student residence, and use other methods to determine the status of a missing student. Vassar will notify appropriate local law enforcement agencies not later than 24 hours after the time a student is determined to be missing (unless it was the local law enforcement agency that already made the determination that the student was missing). If the student has designated a

confidential emergency contact person, the College will notify that individual as well. If a student is under the age of 18, Vassar will notify their parents or guardian not later than 24 hours after the time a student is determined to be missing, regardless of whether they have designated a confidential contact (if so designated, the confidential contact would be notified as well). Local law enforcement will be notified regardless of the age of the residential student and/or whether they have designated a confidential contact. The College may conduct a brief investigation after receiving a report to help determine whether the student is a missing person.

III. Confidential Emergency Contact Information

In compliance with the Federal Higher Education Opportunity Act, federal law, 20U.S.C § 1092j, a student may identify a confidential contact to be contacted by the College not later than twenty-four (24) hours after the time circumstances indicate that the student may be missing. The student should notify the confidential contact that they have been designated as such. Confidential contact information will be considered private and only accessible to authorized Vassar College individuals or law enforcement in the event the student is reported missing. Confidential contact information is distinct from general emergency contact information. It is kept by the Office of Residential Life. For students under age eighteen (18) and not emancipated, Vassar is required to notify the custodial parent or guardian not later than twenty-four (24) hours after the time the student is determined to be missing. All enrolled students at the college, regardless of their living circumstances, should designate an emergency contact person. Every student (resident and non-resident) has their own student account and may enter or change, under personal information/address, a designated emergency contact person at any time by updating their contact information. Students should update their personal information at the beginning of each academic year as a part of the check-in process to their residence hall and room, and are solely responsible for the accuracy of the information provided and updating the information when needed.

IV. Daily Crime and Fire Log

The College maintains a public Daily Crime Log at the Campus Safety Office located at The New Hackensack Building, 2500 New Hackensack Rd., Poughkeepsie, NY. The Crime Log is available for public inspection (during normal business hours). The log contains all reported crimes on Vassar's Clery Act reportable property. The Crime Log includes information on the nature of reported crimes, the date and time the reported crime occurred, the general location of the reported crime, and the disposition of the complaint (where known). The appropriate information is logged in the Crime Log within two business days of it being reported. The Crime Log shall contain the required reporting information for the most recent 60 days. Crime Log information greater than 60 days in the past, shall be furnished upon request, provided that this information shall only be provided for the period prescribed by law for which Vassar must maintain and provide such historic data. The Daily Fire Log is maintained by the Office of Environmental Health and Safety and may be accessed through their office located at 25 Skinner Lane, Poughkeepsie, NY.

V. Crime Prevention/Safety Awareness Programs

In an effort to address the importance of security of oneself and others, Vassar College Campus Safety, through its Community Engagement Initiative, works closely with Residential Life and other constituencies to facilitate crime prevention and safety awareness programs on campus.

Campus Safety members specifically designated to community engagement activities present periodic Crime and Safety Programs to Residence Life Staff and Students, First Year Students, Exploring Transfer Staff and Students, Summer Programs Staff and Students and for all Staff and Students as requested. Topics include Violence Prevention and Intervention, Response to Active Shooter training (Run, Hide, Fight), Personal Safety, Crime Prevention Events, such as the Annual Bicycle Safety and registration events in the Campus Quad.

In an effort to promote safety awareness, the Campus Safety Office maintains a strong working relationship with the community, and each year Campus Safety provides valuable information to students at their Orientation.

Below is a list of some of the programs available at Vassar:

- A. Annual Violence Prevention, Intervention and Response Training for Administrators and Staff focused on providing attendees with information to help detect, prevent and, if need be, respond to an active shooter situation;
- B. Annual Introduction of the Campus Safety Office, with a description of the office and the role of Campus Safety on campus and discussion on ways to help prevent crime and maintain personal safety and awareness, etc. for student constituencies, including House Teams (Student Staff), Summer program participants, First Year students;
- C. Year-round Bike Registration Program, informing students the best practices (methods and materials) for properly securing bikes on campus, and documents needed to aid in stolen bike recovery;
- D. Annual Table-Top Program, that allows for a simulated emergency incident to take place where discussions and decisions are made by College Administrators in an effort to respond to the incident. A member from The Town of Poughkeepsie Police Department leads the scenario and discussion; and
- E. Safety Assessments
 - i. Year-round Personal Safety evaluation for crime victims. Campus Safety evaluates specific needs and concerns for victims of crimes (Students, Faculty and Staff) as needed.
 - ii. Safety Assessments of specific work locations, when a particular location on campus experiences some type of criminal activity or suspicious incident that location or if an employee would like personal work space safety information. Included in the assessment are recommendations from Campus Safety to help protect the location and those who work inside it.

VASSAR COLLEGE'S RESPONSE TO SEX AND GENDER BASED VIOLENCE

Members of the Vassar College community, guests, and visitors have the right to be free from sexual violence and other forms of sexual misconduct. Sexual Misconduct is an umbrella term that includes sex/gender-based discrimination, sexual harassment, sexual assault, hazing, bullying, interpersonal violence (domestic/dating violence), and stalking when such behaviors are perpetrated because of one's sex/gender. Sex and gender-based discrimination and sexual misconduct can occur between people of different sex or gender or of the same sex or gender. Vassar College is committed to fostering a community that promotes the prompt reporting of sexual misconduct and timely and fair resolution of sexual misconduct complaints. It is the responsibility of every member of the campus community to create an environment free from sexual violence and other forms of sexual misconduct.

The expectations of our community regarding sexual misconduct can be summarized as follows: In order for individuals to engage in sexual activity of any type with each other, there must be affirmative consent. Affirmative consent means knowing, voluntary and mutual decision-making among all participants to engage in sexual activity prior to and during sexual activity. Vassar's policy is to prohibit sexual misconduct, domestic and intimate partner violence, and stalking as they defined under the Clery Act, relevant state and federal law.²

This policy applies to all members of the College community, including students, employees, volunteers, independent contractors, visitors, and any individual regularly or temporarily employed, studying, living, visiting, conducting business, or having any official capacity at the College. Further, this policy applies to conduct occurring on Vassar property or at College-sanctioned events or programs that take place off campus, including study abroad and internship programs.

Vassar encourages individuals who believe they may have been impacted by sexual harassment or other sexual misconduct to speak with someone whom they trust and think can help. Vassar College has a network of resources on and off campus to assist parties in obtaining medical treatment, counseling, advocacy services, and other assistance. Vassar seeks to provide a consistent, caring, and timely response when sexual misconduct occurs within the campus community. When a student, faculty member, or staff member reports an incident of sexual misconduct or sexual violence, whether the offense occurred on or off-campus, Vassar will provide the person with a written explanation of the options, resources, and support services on and off-campus. Information is also available online to students and employees about counseling, health, mental health, advocacy, legal assistance, visa and immigration assistance, student financial aid assistance, and other services available to victims on campus and in the community. <https://offices.vassar.edu/savp/resources/>

The full Vassar Policy on Discrimination and Harassment is available as Part E at <https://offices.vassar.edu/dean-of-the-college/wp-content/uploads/sites/35/2020/09/vassar-college-regulations.pdf> govern conduct and behavior that may violate College Regulations and both Title IX and the Clery Act, or may violate one but not both laws/regulations. CAMPUS SEXUAL HARASSMENT AND SEXUAL VIOLENCE TRAINING INITIATIVES:

Many campus departments, student groups, and units on campus work together to offer a variety of prevention and awareness programs to educate the campus community about sexual violence, sexual assault, relationship and domestic violence, stalking, sexual exploitation, affirmative consent, developing healthy relationships and healthy sexual relationships, and effective communication. Vassar offers a range of campaigns, strategies, and initiatives to promote awareness, education, risk reduction, and prevention programming for students. Educational programs are offered to all incoming students and employees, and throughout the year. Programs are designed to address the unique cultural aspects of specific communities and groups on campus and community, build upon existing expertise on campus, and promote campus-community collaboration on issues related to sexual harassment and sexual violence.

I. Student Training:

All first year students and new transfer students must complete an interactive online training before arriving on campus with modules on:

- A. Identities and inclusion: This module helps students understand how to personally contribute to more inviting, equitable, and diverse campus communities.
- B. Consent and Sexual Violence: Through reflection, students will consider how sexual violence has presented itself in their communities, develop the skills necessary to intervene in these situations, and learn how to recognize forms of sexual violence, sexual abuse, and sexual harassment. Students are introduced to Vassar policies on discrimination, harassment, and sexual violence, and informed about resources available on- and off-campus.

- C. **Alcohol and Other Drugs:** Within this course, students are asked to consider the impacts of alcohol and drugs, the way they play out in social settings, and how to set boundaries for themselves around their own substance usage. This course takes a harm-reduction, knowledge and skills-based approach to help students make healthier choices, manage new and unfamiliar stressors, and increase help-seeking and active bystander behaviors.
- D. **Hazing and Intimidation:** This module helps to dispel some common myths about hazing and bullying and paint a realistic picture of what hazing and bullying may look like in a college setting.
- E. **Mental Health and Well-Being in College:** This training course focuses on encouraging students to question their beliefs, trust their instincts, and recognize red flags so that they'll be ready to take a proactive approach to mental health and wellness.

The **Support, Advocacy, & Violence Prevention (SAVP)** Office provides violence prevention workshops to the Vassar campus community throughout the academic year. Workshops include information and training around issues of consent, sexual assault, relationship abuse, stalking, the impact of rigid gender norms and stereotypes, and effective bystander intervention tools to confront gender-based violence in your community. The SAVP Director and SAVP Program Coordinator work alongside a team of 10 student employees who work with the SAVP Office to develop, coordinate, and facilitate this programming. Workshops are tailored to fit the needs of student groups or organizations, faculty, administrators, and staff, and are facilitated by peers and/or administrators.

Student Advisory Committee for Title IX. Students meet monthly with representatives from the Office of Equal Opportunity and Affirmative Action / Title IX and SAVP to discuss student concerns related to Title IX, creating of safety and awareness campaigns, and facilitating the bi-yearly Sexual Violence Campus Climate Survey.

Campus Climate Survey: The College conducts a biennial campus climate survey to measure the prevalence of sexual assault and other forms of sexual misconduct on campus. The survey also assesses students' attitudes and awareness about sexual misconduct and how to report it on campus. Gathering this information helps inform the College's collective efforts to prevent and respond to sexual assault and other sexual misconduct.

II. **Employee Training:**

- A. The Office of Equal Opportunity and Affirmative Action / Title IX offers online and in-person training for staff and faculty regarding the prevention of unlawful discrimination and sexual harassment issues. The College, in compliance with state and federal law, requires all employees to undergo this training every year.
- B. Annual awareness and prevention workshops are offered to faculty, administrators, and staff to help them to recognize harassment and gender-based violence, understand current Title IX requirements, and Vassar's specific policies relating to mandated

reporters. Employees are introduced to practical tips on what they should do if a student or employee were to report sexual misconduct to them, distinguishing what is okay to say from what is not.

When someone makes a report to the College, for example, about a student enrolled at another institution or someone employed at another institution or in the local community-the College is restricted in its ability to undertake an investigation and its response. However, the College may be able to assist and support a student or employee by identifying appropriate campus and local resources; referring them to the appropriate official at the other institution, agency, externship site, or organization; providing appropriate supportive and safety measures on-campus, as needed; and assisting the party with contacting law enforcement if they would like to file a police report.

VI. Administrative Leave

Vassar retains the authority to place a non-student employee respondent on administrative leave during the Title IX Grievance Process, consistent with Vassar Faculty Handbook, and applicable Employee Handbooks.

PROCEDURES VICTIMS SHOULD FOLLOW

If an incident of sexual assault, domestic violence, dating violence or stalking occurs, the College's first concern is for one's safety and well-being. Victims are encouraged to consider the following procedures:

- I. Get to a safe place where you feel as physically and emotionally safe as possible.
- II. If one is not sure what to do or where to start, call an SAVP Advocate.
SAVP Advocates are trained faculty, administrators, and staff to provide 24-hour support. SAVP Advocate can be reached by calling (845) 437-7333 and asking to speak with the "advocate on-call".
- III. Seek medical attention for any physical injuries, potential pregnancy, or potential sexually transmitted infections. One can visit the health center on campus, a local emergency room, or seek off-campus medical assistance.
- IV. If an incident of sexual assault, domestic violence, dating violence or stalking occurs, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution or obtaining a protection order. It is most helpful to get evidence collected quickly – before one eats, drinks, showers, uses the bathroom, etc.
- V. In order to do so, the victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam. Any clothing removed should be placed in a paper bag. Evidence of violence, such as bruising or other visible injuries, following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voicemail or other electronic communications should be saved and not altered in any way.
 - A. **Sexual Assault Forensic Exams (SAFE Exams)** can be conducted at both Vassar Brothers Medical Center and Mid-Hudson Regional Hospital in Poughkeepsie. SAFE Exams provide compassionate, patient-centered, and professional care for sexual assault survivors after an assault. Survivors are treated by trained Department of Health certified sexual assault forensic examiners in a private examination room. Exams include evaluation, treatment, referral, and follow-up. The exam ensures the quality of collection, documentation, preservation, and custody of physical evidence. This service is free of charge for survivors. Having a SAFE Exam completed does not mean that you need to press charges with law enforcement. Further, SAFE exams include a crucial medical response that goes beyond identifying and preserving evidence.
 - B. **An exam may reveal the presence of physical injury of which the victim is unaware.**
Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted infections. Emergency contraceptive pills are offered to victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the rape. Victims over age 18 will be offered a seven-day starter pack of HIV PEP (a post-exposure prophylaxis, meaning a medicine taken to prevent HIV after a possible exposure. PEP should be used only in emergency situations and must be started within 72 hours after a recent possible exposure to HIV) and victims under the age of 18 will be offered the full

twenty eight day supply of PEP. If the victim reports memory loss, loss of consciousness, or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for 6-8 hours after ingestion. Note that under New York State law, a reporting victim has the right to be accompanied by an advocate at no cost. Under New York State law, a victim can elect to have the hospital or medical provider seek direct reimbursement from the New York State Office of Victim Services for the cost of an exam (regardless of whether the victim chooses to press criminal charges), and regardless of whether the victim has health insurance or is insured on their parent or guardian’s plan. The Office of Victim Services offers other programs that can assist victims and survivors with reimbursement for certain costs when they are an innocent victim of crime. An advocate can provide additional information. Advocate information and program details may be found at ovs.ny.gov.

- i. If a victim would like to learn about options, and receive assistance in changing academic, living, transportation, or work situations, one can contact the Title IX Coordinator, the SAVP Director, or a SAVP Advocate. One can also learn about how to apply for a leave of absence, get questions answered about financial aid, and learn how to request protective measures on campus from the Title IX Coordinator, the SAVP Office, or a SAVP Advocate. Vassar College will provide student and employee victims of dating violence, domestic violence, sexual assault, and stalking with a written explanation of their rights and options.
- ii. If a victim would like to learn about or access off campus resources they can receive assistance from the Center for Victim Safety and Support or Grace Smith House, both located in Poughkeepsie, NY. Both service agencies provide counseling resources, advocacy with reporting, and additional individual assistance. Grace Smith House also provides off campus shelter housing for victims of domestic violence. More information is located below.
- iii. If a victim would like to learn about their options to report the incident to law enforcement, one can contact the New York State Police Campus Sexual Assault Victims Unit (1-844-845-7269) or the Town of Poughkeepsie Police Department to file a report. The SAVP Director, SAVP Advocates, and/or off campus resources can accompany students if they would like to file a report with law enforcement.
- iv. Victims can also access national hotline resources, including RAINN at www.rainn.org or 800-656-HOPE (4673), the Stalking Resource Center at 855-4-VICTIM or and the National Domestic Violence Hotline at thehotline.org or 800-799-7233.

Campus constituents, including but not limited to the Associate Dean of the College for Residential Life and Wellness (as well as ResLife Professional Staff and Student House Teams), Director of Health Promotion and Education, Director of Support, Advocacy, and Violence Prevention (SAVP), and SAVP Advocates, are trained to provide support and referral services for students to access the following resources:

SSN members may share information about students who appear to be in trouble (e.g., who appear to be at risk to themselves or others, whose academic situation is dire, who are experiencing significant personal problems, or whose behavior is alarming other members of the college community). The group then determines if action by individual members of the group is warranted and might be helpful.

At Vassar, some individuals and campus resources can offer confidentiality while others have specific obligations to respond when they receive a report of a crime or a campus policy violation. Even offices and employ-

ees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary for the Title IX Coordinator to investigate and/or seek resolution.

I. Clery Act Reporting Obligations

Certain campus officials (called Campus Security Authorities, or CSAs) also have a duty to report sexual assault and other crimes for federal statistical reporting purposes; and to determine if there is a continuing threat to the safety of the campus community, which would require an alert. These reports may also need to be included in Campus Safety Office logs.

All personally identifiable information is kept confidential. General incident location (on- or off-campus, in the surrounding area, but no addresses are given) must be included for publication in the Annual Security and Fire Safety Report. This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety.

CSAs include employees who have significant responsibility for students, student groups and campus activities. Pastoral and professional counselors who receive a report in their role are generally exempt from reporting.

All Clery reports of sexual assault and other crimes should be reported to Campus Safety, (845) 437-7333, <https://offices.vassar.edu/campus-safety/forms/clery-act-crime-incident-report/>.

II. Special Duties Involving Child Abuse or Mistreatment of a Minor

Any employee or volunteer for Vassar College who witnesses or has reasonable cause to suspect any sexual abuse or mistreatment of a child occurring on college property or while off campus during official college business or at a Vassar-sponsored event, program or activity should immediately report the concern by calling one of the numbers listed below. Such reports should include the names of the alleged victim and alleged assailant (if known), other identifying information, the location of the activity, and the nature of the activity. It is not the responsibility of the reporting party to investigate.

A. How to report child abuse or neglect:

- i. If a child is in immediate danger, notify the police (911) immediately.
- ii. Report any suspected or known child abuse and/or neglect immediately and call the New York State Central Registry (Child Abuse Reporting Hotline) at 1-800-342-3720.
- iii. Members of the College community should also contact the Vassar Campus Safety Office at (845) 437-7333, but not before contacting local law enforcement or the Child Abuse Reporting Hotline.
- iv. If you are deaf or hard of hearing, call TDD/TTY at 1-800-638-5163 or have your Video Relay System provider call 1-800-342-3720.

VASSAR COLLEGE COMPLAINT PROCEDURE

Every member of the Vassar community has the right to request that student conduct charges be filed against an individual pursuant to the procedures outlined in College policy on Sexual Misconduct, Intimate Partner Violence, and Stalking and/or the Title IX Grievance Process.

The College will seek consent from reporting individuals prior to conducting an investigation. Declining to consent to an investigation shall be honored unless the College determines in good faith that failure to investigate does not adequately mitigate a potential risk of harm to the reporting individual or other members of the community. Honoring such a request may limit the institution's ability to meaningfully investigate and pursue conduct action against an accused individual. The Title IX Coordinator may, in some cases, file a formal complaint to begin the process. Those wishing to file a formal complaint alleging violations of this policy should contact the Assistant Vice President for Institutional Equity/Title IX Coordinator, at (845) 437-7924 or titleix@vassar.edu.

An online reporting form is available on the <https://offices.vassar.edu/eoaa/> website. Whether or not a report is made to the College, individuals have the right to file a report with local police at (845) 485-3666 and/or state police at 1-844-845-7269, or 9-1-1 in an emergency.

I. The Title IX Grievance Process

The Title IX Grievance Process covers cases brought by or against students and employees under the jurisdiction of Vassar College when the violation is covered by the terms of the policy.

A. **Filing a Formal Complaint** The time-frame for the Title IX Grievance Process begins with the filing of a Formal Complaint.

A report may be made through the following means:

- i. Online reporting form.
- ii. Email at titleix@vassar.edu

As an employee. For complainants who do not meet this criteria, the College will utilize existing policy in Vassar College Regulations. <https://offices.vassar.edu/dean-of-the-college/documents/college-regulations/>

If a complainant does not wish to make a Formal Complaint, the Title IX Coordinator may determine a Formal Complaint is necessary. Vassar will inform the complainant of this decision in writing, and the complainant need not participate in the process further but will receive all notices issued under this Policy and Process.

Nothing in the Title IX Grievance Policy Vassar College Regulations prevents a complainant from seeking the assistance of state or local law enforcement alongside the appropriate on-campus process.

B. **Multi-Party Situations** The institution may consolidate Formal Complaints alleging covered sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of covered sexual harassment arise out of the same facts or circumstances.

- C. **Determining Jurisdiction** The Title IX Coordinator will determine if the instant Title IX Grievance Process should apply to a Formal Complaint. The Process will apply when all of the following elements are met, in the reasonable determination of the Title IX Coordinator:
- i. The conduct is alleged to have occurred on or after August 14, 2020
 - ii. The conduct is alleged to have occurred in the United States
 - iii. The conduct is alleged to have occurred in Vassar’s education program or activity and
 - iv. The alleged conduct, if true, would constitute covered sexual harassment as defined in this policy.
- If all of the elements are met, Vassar will investigate the allegations according to the Grievance Process.
- D. **Allegations Potentially Falling Under Two Policies:** If the alleged conduct, if true, includes conduct that would constitute covered sexual harassment and conduct that would not constitute covered sexual harassment, the Title IX Grievance Process will be applied in the investigation and adjudication of all of the allegations.
- E. **Mandatory Dismissal** If any one of these elements are not met, the Title IX Coordinator will notify the parties that the Formal Complaint is being dismissed for the purposes of the Title IX Grievance Policy. Each party may appeal this dismissal using the procedure outlined in “Appeals,” below.
- F. **Discretionary Dismissal** The Title IX Coordinator may dismiss a Formal Complaint brought under the Title IX Grievance Policy, or any specific allegations raised within that Formal Complaint, at any time during the investigation or hearing, if:
- i. A complainant notifies the Title IX Coordinator in writing that they would like to withdraw the Formal Complaint or any allegations raised in the Formal Complaint
 - ii. The respondent is no longer enrolled or employed by Vassar; or,
 - iii. If specific circumstances prevent Vassar from gathering evidence sufficient to reach a determination regarding the Formal Complaint or allegations within the Formal Complaint.
- Any party may appeal a dismissal determination using the process set forth in “Appeals,” below.
- G. **Notice of Dismissal** Upon reaching a decision that the Formal Complaint will be dismissed, the institution will promptly send written notice of the dismissal of the Formal Complaint or any specific allegation within the Formal Complaint, and the reason for the dismissal, simultaneously to the parties through their institutional email accounts. It is the responsibility of parties to maintain and regularly check their email accounts.
- H. **Notice of Removal** Upon dismissal for the purposes of Title IX, Vassar retains discretion to utilize Vassar College Regulations, or other employment handbooks to determine if a violation of the Code of Conduct has occurred. If so, Vassar will promptly send written notice of the dismissal of the Formal Complaint under the Title IX Grievance Process and removal of the allegations to the conduct process.

- I. **Notice of Investigation and Allegations** The Title IX Coordinator will draft and provide the Notice of Investigation and Allegations to any party to the allegations of sexual harassment. Such notice will occur as soon as practicable, after the institution receives a Formal Complaint of the allegations, if there are no extenuating circumstances.

The parties will be notified by their institutional email accounts if they are a student or employee, and by other reasonable means if they are neither.

The institution will provide sufficient time for the parties to review the Notice of Allegations and prepare a response before any initial interview. Full requirements of the Notice of Investigation and Allegations can be found in the College Policy.

- i. **Ongoing Notice** If, in the course of an investigation, the institution decides to investigate allegations about the complainant or respondent that are not included in the Notice of Allegations and are otherwise covered “sexual harassment” falling within the Title IX Grievance Policy, the institution will notify the parties whose identities are known of the additional allegations by their institutional email accounts or other reasonable means.

The parties will be provided sufficient time to review the additional allegations to prepare a response before any initial interview regarding those additional charges.

- J. **Advisor of Choice and Participation of Advisor of Choice**

Vassar will provide the parties equal access to advisors and support persons; any restrictions on advisor participation will be applied equally.

Vassar has a long-standing practice of requiring students to participate in the process directly and not through an advocate or representative. Students participating as Complainant or Respondent in this process may be accompanied by an Advisor of Choice to any meeting or hearing to which they are required or are eligible to attend. The Advisor of Choice is not an advocate. Except where explicitly stated by this Policy, as consistent with the Final Rule, Advisors of Choice shall not participate directly in the process as per standard policy and practice of Vassar.

- K. **Investigation**

- i. **General Rules of Investigations**

An investigator designated by the Title IX Coordinator will perform an investigation under a reasonably prompt time-frame of the conduct alleged to constitute covered sexual harassment after issuing the Notice of Allegations.

Vassar and not the parties, has the burden of proof and the burden of gathering evidence, (i.e., the responsibility of showing a violation of this Policy has occurred). This burden does not rest with either party, and either party may decide not to share their account of what occurred or may decide not to participate in an investigation or hearing. This does not shift the burden of proof away from Vassar and does not indicate responsibility.

Vassar cannot access, consider, or disclose medical records without a waiver from the party (or parent, if applicable) to whom the records belong or of whom the records include information. Vassar will provide an equal opportunity for the parties

to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence, (i.e. evidence that tends to prove and disprove the allegations) as described below.

ii. **Inspection and Review of Evidence**

Prior to the completion of the investigation, the parties will have an equal opportunity to inspect and review the relevant evidence obtained through the investigation. The purpose of the inspection and review process is to allow each party the equal opportunity to meaningfully respond to the evidence prior to conclusion of the investigation. Full evidentiary rights and timing can be found in the College Regulations.

iii. **Inclusion of Evidence Not Directly Related to the Allegations:**

Evidence obtained in the investigation that is determined in the reasoned judgment of the investigator not to be directly related to the allegations in the Formal Complaint will be included in the appendices to the investigative report.

L. **Investigative Report**

The Title IX Coordinator and an investigator designated by the Title IX Coordinator will create an Investigative Report that fairly summarizes relevant evidence, and provide that Report to the parties at least ten (10) business days prior to the hearing in hard copy for each party's review and written response.

The Investigative Report is not intended to catalog all evidence obtained by the investigator, but only to provide a fair summary of that evidence.

Only relevant evidence including both inculpatory and exculpatory (i.e. tending to prove and disprove the allegations - relevant evidence) will be referenced in the Investigative Report.

The investigator may redact irrelevant information from the Investigative Report when that information is contained in documents or evidence that is/are otherwise relevant.

M. **Hearing**

i. **General Rules of Hearings**

- (a) Vassar will not issue a disciplinary sanction arising from an allegation of covered sexual harassment without holding a live hearing, unless otherwise resolved through an informal resolution process.
- (b) The live hearing may be conducted with all parties physically present in the same geographic location, or, at Vassar's discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually through Google Hangout and Zoom. This technology will enable participants simultaneously to see and hear each other. At its discretion, Vassar may delay or adjourn a hearing based on technological errors not within a party's control.
- (c) All proceedings will be recorded through audio recording. That recording or transcript will be made available to the parties for inspection and review.
- (d) Prior to obtaining access to any evidence, the parties and their advisors must sign an agreement not to disseminate any of the testimony heard or evidence obtained in the hearing or use such testimony or evidence for any purpose

unrelated to the Title IX Grievance Process. Once signed, this Agreement may not be withdrawn

ii. **Continuances or Granting Extensions**

Vassar may determine that multiple sessions or a continuance (i.e. a pause on the continuation of the hearing until a later date or time) is needed to complete a hearing. If so, Vassar will notify all participants and endeavor to accommodate all participants' schedules and complete the hearing as promptly as practicable.

iii. **Newly-discovered Evidence**

As a general rule, no new evidence or witnesses may be submitted during the live hearing. If a party identifies new evidence or witnesses that were not reasonably available prior to the live hearing and could affect the outcome of the matter, the party may request that such evidence or witnesses be considered at the live hearing.

iv. **Participants in the live hearing**

Live hearings are not public, and the only individuals permitted to participate in the hearing are as follows:

(a) **Complainant and Respondent (The Parties)**

- (1) The parties cannot waive the right to a live hearing.
- (2) The institution may still proceed with the live hearing in the absence of a party, and may reach a determination of responsibility in their absence, including through any evidence gathered.
- (3) Vassar will not threaten, coerce, intimidate or discriminate against the party in an attempt to secure the party's participation.
- (4) The decision-maker cannot draw an inference about the determination regarding responsibility based solely on a party's absence from the live hearing or refusal to answer cross examination or other questions. The parties shall be subject to the institution's Rules of Decorum.

(b) **The Decision-maker**

- (1) The hearing body will consist of a single adjudicator.
- (2) No member of the hearing body will also have served as the Title IX Coordinator, Title IX investigator, or advisor to any party in the case, nor may any member of the hearing body serve on the appeals body in the case.
- (3) No member of the hearing body will have a conflict of interest or bias in favor of or against complainants or respondents generally, or in favor or against the parties to the particular case.
- (4) The hearing body will be trained on topics including how to serve impartially, issues of relevance, including how to apply the rape shield protections provided for complainants, and any technology to be used at the hearing.

(5) The parties will have an opportunity to raise any objections regarding a decision-maker's actual or perceived conflicts of interest or bias at the commencement of the live hearing.

(c) **Advisor of choice**

The parties have the right to select an advisor of their choice, who may be, but does not have to be, an attorney. The College can also assign a hearing advisor at no cost to the Party. Full rights of the hearing advisor can be found in the College Policies.

(d) **Witnesses**

(1) Witnesses cannot be compelled to participate in the live hearing, and have the right not to participate in the hearing free from retaliation.

(2) If a witness does not submit to cross-examination, as described below, the decision-maker cannot rely on any statements made by that witness in reaching a determination regarding responsibility, including any statement relayed by the absent witness to a witness or party who testifies at the live hearing.

(3) Witnesses shall be subject to the institution's Rules of Decorum.

v. **Hearing Procedures**

For all live hearings conducted under this Title IX Grievance Process, the procedure will be as follows:

(a) The adjudicator will open and establish rules and expectations for the hearing

(b) The Parties will each be given the opportunity to provide opening statements

(c) The adjudicator will ask questions of the Parties and Witnesses

(d) Parties will be given the opportunity for live cross-examination after the adjudicator conducts its initial round of questioning. During the Parties' cross-examination, the adjudicator will have the authority to pause cross-examination at any time for the purposes of asking the adjudicator's own follow up questions; and any time necessary in order to enforce the established rules of decorum.

(e) Should a Party or the Party's Advisor choose not to cross-examine a Party or Witness, the Party shall affirmatively waive cross-examination through a written or oral statement to the adjudicator. A Party's waiver of Cross-examination does not eliminate the ability of the adjudicator to use statements made by the Party. The full hearing procedure, including live cross-examination procedures can be found in the College Regulations.

vi. **Determination Regarding Responsibility**

(a) **Standard of Proof** Vassar uses the preponderance of the evidence standard for investigations and determinations regarding responsibility of formal complaints covered under this Policy. This means that the investigation and hearing determines whether it is more likely than not that a violation of the Policy occurred.

- (b) **Components of the Determination Regarding Responsibility** The written Determination Regarding Responsibility will be issued simultaneously to all parties through their institution email account, or other reasonable means as necessary. Full information included in The Determination can be found in the College Policy.
- (c) **Timeline of Determination Regarding Responsibility** If there are no extenuating circumstances, the determination regarding responsibility will be issued by Vassar within ten (10) business days of the completion of the hearing.
- (d) **Finality** The determination regarding responsibility becomes final either on the date that the institution provides the parties with the written determination of the result of the appeal, if an appeal is filed consistent with the procedures and timeline outlined in “Appeals” below, or if an appeal is not filed, the date on which the opportunity to appeal expires.

N. Appeals

i. Each party may appeal:

- (a) the dismissal of a formal complaint or any included allegations and/or
- (b) a determination regarding responsibility.

To appeal, a party must submit their written appeal within five (5) business days of being notified of the decision, indicating the grounds for the appeal. All appeals must be on admissible grounds. For full details of the appeal process, see the College Policy.

ii. The limited grounds for appeal available are as follows:

- (a) Procedural irregularity that affected the outcome of the matter (i.e., a failure to follow the institution’s own procedures);
- (b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- (c) The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against an individual party, or for or against complainants or respondents in general, that affected the outcome of the matter.
- (d) The sanctions imposed are disproportionate to the severity of the violation or outside the parameters set by the College. The appeal body will return the complaint to the Chair/senior officer of the Grievance Hearing Panel, who may then increase, decrease, or otherwise modify the sanctions.

iii. The submission of appeal stays any sanctions for the pendency of an appeal. Supportive measures and remote learning opportunities remain available during the pendency of the appeal. If the respondent in the original complaint is a student, the College Regulations Appeal Panel, chaired by the Dean of the College, hears all appeals. If the respondent in the original complaint is a non-faculty employee, the Vice President of Human Resources hears all appeals unless the initial griev-

ance panel was chaired by the Vice President of Human Resources. In this case, the president appoints another senior officer to hear the appeal.

- iv. Outcome of appeal will be provided in writing simultaneously to both parties, and include rationale for the decision.

O. Retaliation

Vassar will keep the identity of any individual who has made a report or complaint of sex discrimination confidential, including the identity of any individual who has made a report or filed a Formal Complaint of sexual harassment under this Title IX Grievance Policy, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding under this Title IX Grievance Policy.

- i. No person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX of the Education Amendments of 1972 or its implementing regulations. For more information on the full retaliation policy, see the College regulations.
- ii. No person may intimidate, threaten, coerce, or discriminate against any individual because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding or hearing under this Title IX Grievance Policy.
- iii. Any intimidation, threats, coercion, or discrimination, for the purpose of interfering with any right or privilege secured by Title IX or its implementing regulations constitutes retaliation. This includes any charges filed against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but that arise from the same facts or circumstances as a report or complaint of sex discrimination or a report or Formal Complaint of sexual harassment.
 - (a) Complaints alleging retaliation may be filed according to Vassar's retaliation policy.
 - (b) Vassar is committed to the principles of integrity in an academic community, as articulated in the statement on Academic Responsibility and Respect for Persons. Vassar's policy is not to discriminate in the administration of its educational policies, admissions policies, scholarships and loan programs, athletics programs, or other College programs and activities, and not to tolerate discrimination or harassment of its faculty, administration, staff, students, or visitors.
 - (c) The College prohibits discrimination based on an individual's actual or perceived race, color, religion, or religious belief, citizenship status, sex, marital status, disability, pregnancy, sexual orientation, gender identity or expression, national origin, military status or affiliation, predisposing genetic information/ characteristics, familial status, domestic violence victim status, age, other characteristic protected by law, or participation in activities protected by law.

- (d) The Vassar College Office for Equal Opportunity and Affirmative Action (EOAA) oversees, facilitates and supports the college's efforts to ensure equal opportunity for all persons regardless of protected characteristics and participation in protected activities in employment, educational programs and activities, and admissions.

P. Outcomes/Sanctions

The College reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct and gender-based violence in order to protect students' rights and personal safety.

Such measures include, but are not limited to, modification of living arrangements, no contact orders, and interim suspension from campus pending a hearing.

When a charge of sexual misconduct covered by the College's Sexual Misconduct and Gender-based Violence policy is formally processed, and a respondent is found to have violated this policy, serious outcomes will be imposed. The College reserves the right to impose different outcomes, ranging from verbal warning to expulsion, depending on the severity of the offense. The College also reserves the right to broaden or lessen any range of recommended outcomes when appropriate in light of mitigating circumstances or the nature of the behavior. The College will not deviate from the range of recommended outcomes unless compelling justification exists to do so.

- i. Any person found responsible for violating the Sexual Misconduct Policy for nonconsensual sexual contact (where no intercourse has occurred) may receive an outcome ranging from probation to expulsion/termination, depending on the severity of the incident, and taking into account any concurrent or previous College regulations violations.
- ii. Any person found responsible for violating the Sexual Misconduct Policy for non-consensual or forced sexual intercourse will likely face a recommended outcome of suspension or expulsion/termination, and taking into account any concurrent or previous College regulations violations.
- iii. Any student found responsible for violating the Sexual Misconduct Policy for sexual exploitation or sexual harassment will likely receive a recommended outcome ranging from warning to expulsion/termination, depending on the severity of the incident, and taking into account any concurrent or previous College regulations violations.

Q. Transcript Notations

When a student is suspended or expelled because of a responsible finding for a violent offense³, Vassar will make a notation on the student's transcript that they were "suspended after a finding of responsibility for a code of conduct violation" or "expelled after a finding of responsibility for a code of conduct violation." Individuals who withdraw from the college while such conduct charges are pending will have "with-

³ Article 129-B of the New York Education Law requires transcript notations for "violent crimes" which include murder, sexual offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, manslaughter, and arson, as defined by the Clery Act.

drawn with conduct charges pending” on their transcript until the case is resolved. If a finding of responsibility is vacated for any reason, any such transcript notation shall be removed. Students may submit a written request to the Dean of Studies Office that the suspension notation be removed from the transcript. Notation for suspensions is not eligible for removal until one year after the suspension has been completed. In considering a student’s request, the College will look at whether there has been any further conduct violations in the year following conclusion of the suspension. The college will keep a confidential, internal record of the suspension. Notation for expulsions shall not be removed.

R. Confidentiality and Privacy

Vassar College will endeavor to maintain confidentiality in all informal and formal proceedings, except as otherwise specified in these statements of procedure or as required by law. Even College offices and employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary for the EOAA Office/Title IX Coordinator to investigate and/or seek a resolution.

S. Victim Confidentiality

Vassar College recognizes the sensitive nature of sexual violence and is committed to protecting the privacy of any individual who reports an incident of sexual violence. Personally identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources for support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20)). Further, the institution will maintain as confidential any supportive measures or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the names of crime victims or house identifiable information regarding victims in the Campus Safety Office’s Daily Crime and Fire Log or online. Students may block the public disclosure of directory information by notifying the Office of the Registrar in writing. Requests for non-disclosure will be honored by the college until removed in writing by the student. Students may also control the types of directory information displayed in the online Student Directory by going to the Student Directory page of the Vassar College website and logging into “set student display preferences.”

T. Interim Accommodations or Supportive Measures

Interim accommodations or supportive measures (accommodations) are available to all parties while an investigation is occurring and whether or not a student or employee reports to law enforcement and/or pursues any formal action with the College.

Forms of interim accommodations can vary from a campus no-contact order, reassigning an individual to a different course schedule or class, adjusting work schedules, housing assignments, limiting access on campus, and/or interim suspension or emergency removal from campus as allowed by law. Interim action that maximizes the ability for all parties involved to continue their education/work on campus, while minimizing adverse effects will be sought and interim actions will not unduly burden either party. Many forms of interim accommodations can be utilized even if you do not want to seek disciplinary action against a person.

All parties to an investigation or adjudication will be afforded a prompt review, reasonable under the circumstances, of the need for and the terms of any interim measure and accommodation that directly affects them, and will be allowed to submit evidence in support of their request.

Students and employees may contact the Title IX Coordinator, the SAVP Director, or SAVP Advocates for assistance with such accommodations. Certain accommodations may be made even if a student does not wish to formally report an incident of sexual violence to the College.

A complainant may meet with Campus Safety and/or the Director of Support, Advocacy, and Violence Prevention to develop a Safety Action Plan, which is a plan for Vassar and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from home, etc.

The College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s).

The victim is required to apply directly for these services through the local court's system. Pursuant to Federal law, the State of New York will honor Orders of Protection and related (such as restraining orders) issued by other states and Native American Nations.

U. No-Contact Orders

A campus no-contact order is a directive issued by a campus authority that prevents contact between persons or from one person to another. Such an order may be issued through the formal reporting process (i.e. Vassar Community Expectations System or Human Resources when employee related) or under the direction of a Title IX Coordinator. This may apply to communications in-person, online, and other forms of contact, both on and off-campus. It is important to note that this is different from a civil order, which is issued by a court. A campus no-contact order may be issued as a sanction or outcome, and may also be issued on an interim basis while an incident is under investigation or adjudication.

Both the accused/respondent and the reporting individual shall, upon request, be afforded a prompt review, reasonable under the circumstances, of the need for and

terms of a no-contact order, including potential modification, and shall be allowed to submit evidence in support of their request.

When individuals are not current members of the campus community (i.e. former employees, alumni, visitors) Campus Safety may issue trespass notices or Persona Non Grata letters banning individuals from Vassar College property and/or Vassar College events

V. **Alcohol and/or Drug Use Amnesty**

The safety and health of students is the overriding concern of the college.

In order to encourage those who may be in danger from alcohol poisoning or alcohol/drug-related injury to get proper assistance, no student in need of medical treatment for her or his alcohol or other drug-related overdose, or assisting another student in obtaining such medical treatment, will be found responsible for the violation of using alcohol or drugs or of providing alcohol or drugs to the student they have assisted in obtaining treatment. Students may, however, be found responsible for violations outside of drug/alcohol use and/or distribution of drugs/alcohol if they are identified.

The college also recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) in situations involving domestic violence, dating violence, stalking, or sexual assault may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Vassar strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to institution officials. A reporting individual acting in good faith or a bystander acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to college officials or law enforcement will not be subject to Vassar's code of conduct for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

W. **Bystander Intervention and Risk Reduction**

Bystanders play a critical role in the prevention of sexual and relationship violence. They are "individuals who observe violence or witness conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it." We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander:

- i. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
- ii. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- iii. Speak up when someone discusses plans to take sexual advantage of another person.
- iv. Offer support to someone who discloses sexual assault, abusive behavior or experiences with stalking.

- v. Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

If you or someone else is in immediate danger dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt. Further information regarding bystander intervention may be found at https://www.nsvrc.org/sites/default/files/2018-02/publications_nsvrc_tip-sheet_bystander-intervention-tips-and-strategies_1.pdf.

BYSTANDER INTERVENTION AND RISK REDUCTION

I. Sexual And Gender-Based Violence Prevention and Awareness Programs

Throughout the year, a variety of College resources including The Office for Equal Opportunity and Affirmative Action/Title IX (EOAA or Title IX), the Support, Advocacy, and Violence Prevention (SAVP) Office, and Office of Health Promotion and Education offer primary prevention and awareness programs. These programs center around sexual assault, dating and domestic violence and stalking. These programs include an overview of the College's policies and procedures prohibiting these offenses, relevant definitions of these offenses and consent under New York State Law, discussion of the impact of alcohol and illegal drug use, effective consent, safe and positive options for bystander intervention, information about risk reduction, and support resources available to students.

Incoming students and new employees will receive primary prevention and awareness programming as part of their orientation. Returning students and employees will receive information on a periodic basis. All incoming students complete an online course, "Sexual Assault Prevention for Undergraduates," through Foundry before they are eligible to register for fall classes. This course details information about Vassar's sexual misconduct policy, as well as issues pertaining to consent, sexual assault, dating violence, stalking, healthy relationships and bystander intervention. Additionally, during first-year orientation they attend Speak About It (speakaboutonline.com), an educational performance with information pertaining to Vassar's policy, healthy relationships, and bystander intervention. All incoming students also attend small-group bystander intervention training workshops to discuss strategies to safely intervene in risky situations.

The Support, Advocacy, and Violence Prevention (SAVP) Office is committed to providing both peer-to-peer and administrator-led violence prevention workshops to the Vassar campus community throughout the academic year. The SAVP Office employs a team of 10 student interns who support the development, coordination, and facilitation of this programming. Workshops include information and training around issues of consent, sexual assault, dating/domestic violence, stalking, the impact of rigid gender norms and stereotypes, and effective bystander intervention tools to confront gender-based violence in the community.

Workshops can also be tailored to fit the needs of your group or organization. If you would like more information or violence prevention resources please email the SAVP Office at savp@vassar.edu. Programs are available for student and employee groups.

Below is a list of some of the programs available at Vassar:

The training modules include NY state mandated training requirements for sexual harassment prevention.

III. Sex Offender Registration – Campus Sex Crimes Prevention Act

In accordance with the “Campus Sex Crimes Prevention Act of 2000”, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Clery Act and the Family Educational Rights and Privacy Act of 1974, Vassar is providing contact information to the State of New York Offender Registry. Federal and state laws require a person designated as a “sexual predator or offender” to register with the New York State Division of Criminal Justice. The State Division of Criminal Justice is required to notify the local law enforcement agency where the registrant resides, attends, or is employed by an institution of higher learning. Students, faculty, and staff may access information about sexual predators/offenders at: <http://www.criminaljustice.ny.gov>.

VASSAR COLLEGE’S POLICIES GOVERNING ALCOHOL AND OTHER DRUGS

I. Alcohol and Drug Policy

Vassar’s policies and procedures are distributed to the entire college community. Please refer to Vassar College Regulations 2023-2024. Federal law requires Vassar College to notify annually all faculty, staff, and students of the following:

Vassar College aims to create an environment that promotes the highest levels of learning alongside a healthy and vibrant social atmosphere. To this end, the college is constantly re-evaluating the quality of life on campus. In order to protect all members of the Vassar

Community, members should understand that the unlawful possession, use, distribution, or manufacture of illicit drugs by students and/or employees, on College property or as part of any school activity, is strictly prohibited by the college, as well as by New York State law.

Furthermore, members of the community should understand that Vassar College observes all laws and regulations governing the sale, purchase, and serving of alcoholic beverages by all members of its community and expects that these laws, regulations, and procedures will be adhered to at all events associated with the college. This includes activities on the Vassar campus, in any work area, and at off-campus functions sponsored and supported by Vassar College. The college will continue to work cooperatively with local police agencies to maintain an environment conducive to the learning and social development of our members. Except as specifically provided in New York State Education Law 129-B and in Vassar policy, the College cannot and will not protect any member of the Vassar community who has broken federal, state, and/or local law. The College offers amnesty from drug and alcohol conduct violations to victims and bystanders who report sexual and interpersonal violence in good faith. To learn more, visit: <https://eoaa.vassar.edu/title-ix/reporting/students-bill-of-rights/alcohol-and-other-drugs.html>.

Sanctions may include referral for prosecution, any of the sanctions outlined in college policies governing students and employees, up to and including suspension or expulsion of a student and termination of an employee, and/or the required completion of an appropriate rehabilitation program.

A. Illegal Substances (Drugs)

It is a violation of state and federal law and college policy to illegally possess, use, distribute, manufacture, sell or be under the influence of illicit drugs. Students who violate this policy will be referred to the Office of Residence Life, the Office of Student Services, and/or Campus Safety.⁴

B. Drugs Risks and Consequences

The college recognizes that alcohol and illicit drug abuse are harmful to relationships and family life, work and creativity, study and research, and the health and safety of our community members. Specifically the college would like to remind the community of the following risks associated with the use of illicit drugs and abuse of alcohol:

- i. **Interpersonal Problems:** The more a person abuses alcohol or illicit drugs the greater potential for problems within relationships.
- ii. **Academics:** Difficulty meeting academic responsibilities is one of the most common consequences of alcohol and illicit drug use. Academic problems may include earning lower grades, doing poorly on exams or papers, missing classes, and falling behind on assignments.
- iii. **Accidents:** The use of alcohol and drugs can alter a person's judgment, normal reaction, and perception; impair motor skills; lower inhibitions; and intensify emotions. All of these increase the chances of accidents either to the user or to others.
- iv. **Illness and Health Problems:** The use of alcohol and drugs can impact a person's

⁴ See APPENDIX A: NYS Crime Definitions and APPENDIX B: Federal and New York State laws regarding drug and alcohol violations.

health by putting them at a greatly increased risk for health and psychiatric problems, as well as increased morbidity and mortality.

- (a) Alcohol and illicit drugs can interact negatively with over-the-counter and prescription drugs. Every individual reacts differently to alcohol and drugs, at different times.
- (b) Short-term alcohol and drug abuse can lower a person's immune system, making them more susceptible to colds, illnesses, and injuries.
- (c) Long-term alcohol and drug abuse can lead to serious health risks such as addiction, liver disease, heart disease, and certain kinds of cancers.
 - (1) Know the signs of alcohol/drug impairment:
 - (i) Passed out or difficult to awaken
 - (ii) Cold, clammy, pale or bluish skin
 - (iii) Slowed breathing
 - (iv) Vomiting (asleep or awake)
 - (2) Know how to help:
 - (i) Turn a vomiting person on their side to prevent choking
 - (ii) Clear vomit from the mouth
 - (iii) Keep the person awake
 - (iv) **NEVER leave the person unattended**

C. Drug and Alcohol Education Programs/Resources

Vassar College has a deep-rooted respect for its students and employees, and for this reason seeks to share the responsibility of promoting a healthy, safe environment free of drug and alcohol abuse with all members of the Vassar community. Vassar conducts numerous passive and active evidence-based educational programs throughout the year for students, house teams and peer educators.

Below is a list of some of the programs/resources available at Vassar:

latest evidence-based prevention methods to inspire students to make healthier decisions related to alcohol and other drugs, educate students on the mental and physical effects of alcohol, prepare students to engage in bystander intervention, etc., to incoming first-year students;

- v. The Office of Residential Life and Student Wellness Office refers students to the Office of Health Promotion and Education for services such as “BASICS” (Brief Alcohol Screening for College Students), and provides educational workshops for students in student conduct violation of campus policy on the use of drugs and alcohol, as needed; and

ANNUAL DISCLOSURE OF CRIME STATISTICS

The Clery Act requires colleges and universities across the United States to disclose information about crime on and around their campuses. The Campus Safety Office maintains a close relationship with local police departments, to ensure that crimes reported directly to these police departments that involve Vassar College, are brought to the attention of the Campus Safety Office.

The Campus Safety Office collects the crime statistics disclosed in the charts through a number of methods. The following statistics also include crimes that are reported to various Campus Security Authorities, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub-categories on liquor laws, drug laws and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.⁵

5 See APPENDIX A: NYS Crime Definitions and APPENDIX C: Clery Act Reportable Crime Definitions

ANNUAL FIRE SAFETY REPORT

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for Vassar College.

I. Definitions

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

- A. **On-Campus Student Housing** – A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.
- B. **Fire** – Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

II. Residence Hall Fire Drills

Fire Drills are conducted in all residential buildings four times per year. New York State Office of Fire Prevention and Control staff inspect all campus buildings annually and the College corrects any identified violations consistent with the requirements of the inspection program.

Vassar College takes Fire Safety seriously and continues to enhance its programs to the College community through education, engineering and enforcement. Educational programs are presented throughout the year to faculty, staff and students so they are aware of the rules and safe practices. These programs, which are available at all campus locations, include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

The College maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate New York State Fire Code and National Fire Protection Association Standard to insure system readiness and proper operation in the event of a fire emergency.

III. Description of Fire Safety System

Vassar maintains various fire safety systems in on-campus residential facilities.

Vassar College has adopted and developed numerous Safety Policies and Guidelines to help promote a safe living and work environment. These policies, guidelines and other fire safety information can be accessed on the Internet at <https://offices.vassar.edu/facilities-operations/safety/fire/>

Additional information can be accessed using the following link, <https://offices.vassar.edu/residential-life/procedures/safety/fire-guide/>.

Additional protection is provided by Campus Safety who are trained for initial response to fire incidents occurring at campus facilities. Officers provide assistance as requested by the fire department.

CAMPUS FIRE SAFETY POLICIES

I. Appliances

Extension cords, hot plates, halogen lamps, and immersion coils **are prohibited**. Air conditioners are permitted when they are authorized by the Office of Accessibility and Educational Opportunity. Freezers, dishwashers, washing machines, and open-coil appliances **are prohibited** in college residences as they pose a threat of electrical overload and/or fire.

II. Space heaters

May only be used when they are required under the Energy Conservation Policy (see link <https://offices.vassar.edu/facilities-operations/policies/conservation/>) installed by Facilities Operations. They must be plugged directly into a wall outlet. Micro-fridges, computers, stereos, televisions, radios, irons, non-commercial hair dryers, and other similar appliances are permitted, unless specifically prohibited by the Office of Residential Life. All appliances must have a manufacturer's label that shows the listing by a nationally recognized testing laboratory (e.g., ETL, UL, etc.). We require the use of a relocatable power tap (sometimes called a power strip or surge protector) that is UL listed and has an integral circuit breaker that disconnects the current before damage is done. Other surge protectors and extension cords are not permitted. Care should be taken to prevent fire hazards resulting from excessive use of appliances and over-dependence on power strips.

III. Prohibited Items

Please do not bring any of the following, as they are not permitted in the residence houses or apartments:

- A. microwave ovens (unless it is a combination microwave oven and refrigerator, which can be rented from Campus Specialties, Inc.)
- B. pets (except those kept in a cage, aquarium, or terrarium)
- C. electric blankets, sheets, and mattresses
- D. heating pads
- E. hot plates
- F. immersion heaters
- G. toasters (allowed in apartment area)
- H. hot pots without auto shut-off
- I. corn poppers (allowed in apartment area)
- J. percolators
- K. irons without auto shut-off
- L. candles
- M. incense
- N. battery powered mobility devices (e-scooters, e-bicycles, e-skateboards, etc)
- O. electric frying pans and grills (allowed in apartment area)
- P. woks (allowed in apartment area)
- Q. ultraviolet / infrared lamps
- R. halogen lamps

S. extension cord(s)

IV. **Fire or Smoke-Producing Articles**

Bunsen burners, portable stoves, kerosene lamps, cut trees, incense and candles are prohibited in residences. Possession of hibachis, barbecue grills, smokers, potpourri burning units or other fire-starting devices/substances are prohibited in the Houses, as is their use in residential areas or adjacent outdoor space without staff supervision. Violators are subject to the Vassar Community Expectations System.

Open flames are prohibited in residential facilities. Smoking (including the use of electronic vape devices) is prohibited across campus (including, but not limited to, residential facilities).

V. **Fire Incident Reporting**

Students/Staff are required to report all fires to Campus Safety by calling the Campus Response Center (CRC) at (845) 437-7333 or 7333 from a campus phone. In an emergency, please contact 911 directly and make sure you give them detailed information about your location. CRC Officers will dispatch the appropriate emergency responders and campus staff to respond and document the condition(s). Campus Safety staff will excerpt those reports and forward electronically to the Director of Environmental Health and Safety who will ensure it is entered in the required Fire Log.

VI. **Procedures for Student Housing Evacuation**

In case of an emergency requiring evacuation, students, employees, and community members should follow posted signs to exit the building safely. Staff may also provide further instructions. Do not use the elevator and instead use the stairs. The College has a procedure for evacuating students with disabilities. Each student with a relevant disclosed disability is trained individually at the beginning of the academic year. The College works with the Town of Poughkeepsie: Arlington Fire District on evacuations of students with disabilities in case of fire.

Fire Drills are conducted in all residential buildings four times per year. New York State Office of Fire Prevention and Control Staff inspect all campus buildings annually and the College corrects any identified violations consistent with the requirements of the inspection program.

VII. **Plans for Future Improvements in Fire Safety**

Vassar College continues to monitor trends related to residence hall fire incidents and alarms to provide a fire safe living environment for all students. New programs and policies are developed as needed to help insure the safety of all students, faculty and staff.

APPENDIX A

NEW YORK STATE CRIME DEFINITIONS

The federal Violence Against Women Act (VAWA) and its regulations requires that this document include the following definitions of certain offenses, and the statutes that contain elements of these offenses, for educational and awareness purposes. The following New York State crime definitions are provided below for Clery Act compliance.

AFFIRMATIVE CONSENT: Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. The following terms and conditions apply when determining whether there has been Affirmative Consent:

- (a) Affirmative Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity.
- (b) Silence or lack of resistance, in and of itself, does not demonstrate consent.
- (c) The definition of Affirmative Consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.
- (d) Affirmative Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- (e) Affirmative Consent is required regardless of whether the person initiating the act is under the influence of drugs and/ or alcohol.
- (f) Affirmative Consent may be initially given but withdrawn at any time.
- (g) Affirmative Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity.
- (h) Affirmative Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm. When consent is withdrawn or can no longer be given, sexual activity must stop.
- (i) In order to give effective Affirmative Consent, one must be of legal age; New York State defines 17 years as the legal age of consent. If a participant is under the legal age of consent, they cannot give Affirmative Consent.

DATING VIOLENCE: New York State does not specifically define "dating violence." However, under New York Law, intimate relationships are covered by the definition of domestic violence when the act constitutes a crime and is committed by a person in an "intimate relationship" with the victim. The existence of such relationship may include the consideration of the following factors:

- (a) Length of the relationship;
- (a) Type of relationship; and
- (b) Frequency of interaction between the persons involved in the relationship.

DOMESTIC VIOLENCE: An act which would constitute a crime of violence under the penal law (felony or misdemeanor), including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal mischief, menacing, reckless endangerment, kidnapping, assault, attempted murder, criminal obstruction or breaching or blood circulation, or strangulation; and such acts have created a substantial risk of physical or emotional harm to a person or a person's child.

Such acts must be alleged to have been committed by committed by a current or former spouse or intimate partner of the victim (not just two people living together), by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabited with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under New York State domestic

The victim can be anyone over the age of 16, any married person, or any parent accompanied by their minor child or children in situations in which such person or such person's child is a victim of the act.

SEXUAL ASSAULT: Sexual Assault is any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent, as well as incest or statutory rape. New York State does not specifically define sexual assault. However, according to the Clery Act, sexual assault includes offenses that meet the definitions of rape, fondling, incest, or statutory rape as set forth above.

SEXUAL MISCONDUCT: When a person (1) engages in sexual intercourse with another person without such person's consent; or (2) engages in oral sexual conduct or anal sexual conduct without such person's consent; or (3) engages in sexual conduct with an animal or a dead human body.

RAPE IN THE THIRD DEGREE: When a person (1) engages in sexual intercourse with another person who is incapable of consent by reason of some factor other than being less than 17 years old; (2) being 21 years old or more, engages in sexual intercourse with another person less than 17 years old; or (3) engages in sexual intercourse with another person without such person's consent where such lack of consent is by reason of some factor other than incapacity to consent.

RAPE IN THE SECOND DEGREE: When a person (1) being 18 years old or more, engages in sexual intercourse with another person less than 15 years old; or (2) engages in sexual intercourse with another person who is incapable of consent by reason of being mentally disabled or mentally incapacitated. It is an affirmative defense to the crime of rape in the second degree the defendant was less than four years older than the victim at the time of the act.

RAPE IN THE FIRST DEGREE: When a person engages in sexual intercourse with another person (1) by forcible compulsion; or (2) who is incapable of consent by reason of being physically helpless; or (3) who is less than 11 years old; or (4) who is less than 13 years old and the actor is 18 years old or more.

CRIMINAL SEXUAL ACT IN THE THIRD DEGREE: When a person engages in oral or anal sexual conduct (1) with a person who is incapable of consent by reason of some factor other than being less than 17 years old; (2) being 21 years old or more, with a person less than 17 years old; (3) with another person without such persons consent where such lack of consent is by reason of some factor other than incapacity to consent.

CRIMINAL SEXUAL ACT IN THE SECOND DEGREE: When a person engages in oral or anal sexual conduct with another person (1) and is 18 years or more and the other person is less than 15 years old; or (2) who is incapable of consent by reason of being mentally disabled or mentally incapacitated. It is an affirmative defense that the defendant was less than four years older than the victim at the time of the act.

CRIMINAL SEXUAL ACT IN THE FIRST DEGREE: When a person engages in oral or anal sexual conduct with another person (1) by forcible compulsion; (2) who is incapable of consent by reason of being physically helpless; (3) who is less than 11 years old; or (4) who is less than 13 years old and the actor is 18 years old or more.

FORCIBLE TOUCHING: When a person intentionally, and for no legitimate purpose, forcibly touches the sexual or other intimate parts of another person for the purpose of degrading or abusing such person; or for the purpose of gratifying the actor's sexual desire. It includes squeezing, grabbing, or pinching.

PERSISTENT SEXUAL ABUSE: When a person commits a crime of forcible touching, or second or third degree sexual abuse within the previous 10-year period, has been convicted two or more times, in separate criminal transactions for which a sentence was imposed on separate occasions of one of one of the above-mentioned crimes or any offense defined in this article, of which the commission or attempted commissions thereof is a felony.

SEXUAL ABUSE IN THE THIRD DEGREE: When a person subjects another person to sexual contact without the latter's consent. For any prosecution under this section, it is an affirmative defense that (1) such other person's lack of consent was due solely to incapacity to consent by reason of being less than 17 years old; and (2) such other person was more than 14 years old and (3) the defendant was less than 5 years older than such other person.

SEXUAL ABUSE IN THE SECOND DEGREE: When a person subjects another person to sexual contact and when such other person is (1) incapable of consent by reason of some factor other than being less than 17 years old; or (2) less than 14 years old.

APPENDIX B

FEDERAL AND NEW YORK STATE LAWS REGARDING DRUG AND ALCOHOL VIOLATIONS

In compliance with the Federal Drug-Free Workplace Act of 1988 [the “Drug-Free Workplace Act”] and the Drug-Free Schools and Communities Act Amendments of 1989 [the “Drug-Free Schools Act”] the unlawful use, possession, manufacture, dispensation or distribution of controlled substances on Vassar College campus is prohibited.

Although the Marijuana Regulation and Taxation Act changes the way New York State regulates cannabis, using and possessing cannabis in any form remains a crime under federal law. New York colleges and universities remain bound by their federal requirements under the Drug Free Schools and Communities Act and the Drug Free Workplace Act. Under these laws, the use, possession, and distribution of cannabis for any reason must be prohibited. Both federal and New York State law make it a criminal offense to manufacture, distribute, dispense, or possess with intent to manufacture, distribute, dispense, or simply possess a controlled substance, including marijuana. 21 U.S.C. § 801, et. seq.; New York State Penal Law §§ 220 and §§ 221; New York State Public Health Law, § 3306.

Federal penalties for the illegal possession, use, sale, or delivery of controlled substances depends on the quantity of the drug and the type of drug. Drugs are categorized according to Schedules, which depend on the drug’s known or potential medical value, its potential for physical or psychological dependence, and its risk, if any, to public health. Schedule I drugs carry the most severe penalty, and Schedule V drugs carry the least severe penalty. The Federal Controlled Substances Act provides penalties of up to 15 years imprisonment and fines of up to \$25,000 for unlawful distribution of or possession of with intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to one year of imprisonment and fines up to \$5,000. Any person who unlawfully distributes a controlled substance to a person under 21 years of age may be punished by up to twice the term of imprisonment and fine otherwise authorized by law. Federal trafficking penalties for first offense Schedule I and II drugs range from a minimum of five years to a maximum of life in prison and a fine of \$1 million for an individual or \$10 million if not an individual. Penalties for first offense trafficking Schedule III and IV drugs range up to five years in prison and a fine of \$250,000 for an individual or \$1 million if not an individual.

Federal penalties for first offense trafficking marijuana range up to a maximum of life in prison and up to \$4 million fine for an individual or \$10 million if not an individual, depending on the quantity of marijuana.

DEFINITION OF CONTROLLED SUBSTANCE SCHEDULES

The drugs and other substances that are considered controlled substances under the CSA are divided into five schedules. A listing of the substances and their schedules is found in the DEA regulations, 21 C.F.R. Sections 1308.11 through 1308.15. A controlled substance is placed in its respective schedule based on whether it has a currently accepted medical use in treatment in the United States and its relative abuse potential and likelihood of causing dependence. Some examples of controlled substances in each schedule are outlined below.

NOTE: Drugs listed in schedule I have no currently accepted medical use in treatment in the United States and, therefore, may not be prescribed, administered, or dispensed for medical use. In contrast, drugs listed in schedules II-V have some accepted medical use and may be prescribed, administered, or dispensed for medical use.

SCHEDULE I CONTROLLED SUBSTANCES

Substances in this schedule have a high potential for abuse, have no currently accepted medical use in treatment in the United States, and there is a lack of accepted safety for use of the drug or other substance under medical supervision. Some examples of substances listed in schedule I are: heroin, lysergic acid diethylamide (LSD), marijuana (cannabis), peyote, methaqualone, and 3,4-methylenedioxymethamphetamine (“ecstasy”).

SCHEDULE II CONTROLLED SUBSTANCES

Substances in this schedule have a high potential for abuse which may lead to severe psychological or physical dependence. Examples of single entity schedule II narcotics include morphine and opium. Other schedule II narcotic substances and their common name brand products include: hydromorphone (Dilaudid®), methadone (Dolophine®), meperidine (Demerol®), oxycodone (OxyContin®), and fentanyl (Sublimaze® or Duragesic®). Examples of schedule II stimulants include: amphetamine (Dexedrine®, Adderall®), methamphetamine (Desoxyn®), and methylphenidate (Ritalin®). Other schedule II substances include: cocaine, amobarbital, glutethimide, and pentobarbital.

SCHEDULE III CONTROLLED SUBSTANCES

Substances in this schedule have a potential for abuse less than substances in schedules I or II and abuse may lead to moderate or low physical dependence or high psychological dependence. Examples of schedule III narcotics include combination products containing less than 15 milligrams of hydrocodone per dosage unit (Vicodin®) and products containing not more than 90 milligrams of codeine per dosage unit (Tylenol with codeine®). Also included are buprenorphine products (Suboxone® and Subutex®) used to treat opioid addiction. Examples of schedule III non-narcotics include benzphetamine (Didrex®), phendimetrazine, ketamine, and anabolic steroids such as oxandrolone (Oxandrin®).

SCHEDULE IV CONTROLLED SUBSTANCES

Substances in this schedule have a low potential for abuse relative to substances in schedule III. An example of a schedule IV narcotic is propoxyphene (Darvon® and Darvocet-N 100®). Other schedule IV substances include: alprazolam (Xanax®), clonazepam (Klonopin®), clorazepate (Tranxene®), diazepam (Valium®), lorazepam (Ativan®), midazolam (Versed®), temazepam (Restoril®), and triazolam (Halcion®).

SCHEDULE V CONTROLLED SUBSTANCES

Substances in this schedule have a low potential for abuse relative to substances listed in schedule IV and consist primarily of preparations containing limited quantities of certain narcotics. These are generally used for antitussive, antidiarrheal, and analgesic purposes. Examples include cough preparations containing not more than 200 milligrams of codeine per 100 milliliters or per 100 grams (Robitussin AC® and Phenergan with Codeine®).

VIOLATIONS AND PENALTIES

The State of New York has established sanctions for the possession, use, and sale of controlled substances that are consistent with federal penalties . Specific criminal sanctions are delineated in the New York State Penal Laws, and the seriousness of the drug offense and penalty imposed upon conviction depends on the individual drug and the amount held or sold, as well as the holder's intent (personal use, distribution, or sale) . Below are some additional and important New York State laws regarding the unlawful use of alcohol, tobacco, and other drugs:

New York State Vehicle Traffic Law § 1192.2 Driving While Ability Impaired (BAC .05-.07):

The sentence may include the payment of a fine of \$500-\$1000, a jail term of up to 1 year, and license suspension of up to 6 months . For a second conviction within 5 years you may be charged with a felony . Your sentence will be up to 4 years in prison, a fine of \$1,000-\$5,000, and a license suspension of up to 1 year .

New York Vehicle and Traffic Law § 1192.3 Driving While Intoxicated (BAC .08 or more):

The sentence may include the payment of a fine of \$500-\$1000, a jail term of up to 1 year, and license suspension of up to 6 months . For a second conviction within 10 years, you may be charged with a felony . Your sentence will be up to 4 years in prison, a fine of \$1,000-\$5,000, and a license suspension of 12-18 months .

New York State Penal Law § 260.20(2) Furnishing alcohol to persons under age 21; any visibly intoxicated person; or to any habitually intoxicated person known as such to the person authorized to dispense any alcoholic beverages: punishable by a fine and imprisonment up to 1 year .

New York State Penal Law, § 260 .21(3) Selling tobacco products to any person under the age of eighteen is a class B misdemeanor and punishable by imprisonment of up to three months .

New York State Penal Law § 240.40 Appearing in public under the influence of narcotics or a drug other than alcohol to the degree that he may endanger himself or other persons or property, or annoy persons in his vicinity is a violation, punishable by a fine and imprisonment up to 15 days .

Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, gender identity, religion, disability, sexual orientation, ethnicity, or national origin. Although there are many possible categories of bias, under Clery, only the following seven categories are reported:

Race. A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).

Gender. A preformed negative opinion or attitude toward a group of persons because those persons are male or female.

Gender identity. A preformed negative opinion or attitude toward a group of persons based on their actual or perceived gender-related characteristics.

National origin/Ethnicity. A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and traditions (e.g., Arabs, Hispanics).

Disability. A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

For Clery purposes, hate crimes include any previously listed as well as the following offenses if they include an element of bias/hate:

Larceny-Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

(To be the victim of intimidation, one does not have to be the intended target of the offender.)

Destruction/Damage/Vandalism of Property: To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Dating Violence, Domestic Violence, and Stalking: The term “**dating violence**” means violence committed by a person—(a) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (b) where the existence of such a relationship shall be determined based on the victim’s statement with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

The term “**domestic violence**” includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of New York, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the State of New York.

The term “**stalking**” means engaging in a course of conduct (two or more acts by which the stalker directly, indirectly, or through third parties follows, monitors, observes, surveils, threatens, or communicates about a person or interferes with his or her property) directed at a specific person that would cause a reasonable person to—(a) fear for his or her safety or the safety of others; or (b) suffer substantial emotional distress.

Law Violations: In addition to disclosing statistics for the aforementioned offenses, the Clery Act requires institutions to disclose *violations of the law resulting in arrests or persons being referred for disciplinary action* in the following categories:

Weapons: Carrying, Possessing, Etc.: The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature.

APPENDIX D

TITLE IX DEFINITIONS

A. Covered Sexual Harassment

For the purposes of this Title IX Grievance Policy, “covered sexual harassment” includes any conduct on the basis of sex that satisfies one or more of the following:

- i. An employee conditioning educational benefits on participation in unwelcome sexual conduct (i.e., quid pro quo);
- ii. Unwelcome conduct that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the educational institution’s education program or activity;
- iii. Sexual assault (as defined in the Clery Act as rape, fondling, incest, statutory rape), which includes any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent;
 - a. Rape is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
 - b. Fondling is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.
 - c. Incest is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
 - d. Statutory Rape is sexual intercourse with a person who is under the statutory age of consent. The age of consent in New York is 17, but this varies by state.
- iv. Dating violence (as defined in the Violence Against Women Act (VAWA) amendments to the Clery Act), which includes any violence committed by a person: (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship; (ii) The type of relationship; (iii) The frequency of interaction between the persons involved in the relationship.
 - a. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
 - b. Dating violence does not include acts covered under the definition of domestic violence.
- v. Domestic violence (as defined in the VAWA amendments to the Clery Act), which includes any felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim (not just two people living together), by a person with whom the victim shares a child in common, by a person who is co-habiting with or has cohabited with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under New York State domestic or family violence laws or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of New York.

- vi. Stalking (as defined in the VAWA amendments to the Clery Act), meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to-- (A) fear for their safety or the safety of others; or (B) suffer substantial emotional distress. For the purposes of this definition:
 - a. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
 - b. Reasonable person means a reasonable person under similar circumstances and with similar identities to the Complainant.
 - c. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
 - d. Stalking as defined above may not always be "on the basis of sex" (for example when an individual stalks an athlete due to celebrity worship rather than sex), but when stalking is "on the basis of sex" (for example, when the stalker desires to date the victim) stalking constitutes "sexual harassment" for purposes of this policy. Stalking that does not constitute sexual harassment because it is not "on the basis of sex" may be addressed under other applicable College policies.

B. Affirmative consent¹

A knowing, voluntary, and mutual decision among all participants, over 17 years of age, to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

- i. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent may be initially given but withdrawn at any time.
- ii. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity.
- iii. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm. When consent is withdrawn or can no longer be given, sexual activity must stop.
- iv. In order to give effective consent, one must be of legal age; New York State defines 17 years as of legal age.

C. Education Program or Activity

For the purposes of this Title IX Grievance Policy, Vassar's "education program or activity" includes:

- i. Any on-campus premises

¹ As required under New York State Education Law Article 129-B, Vassar College has adopted this definition of Affirmative Consent.

- ii. Any off-campus premises that Vassar has substantial control over. This includes buildings or property owned or controlled by a recognized student organization.
- iii. Activity occurring within computer and internet networks, digital platforms, and computer hardware or software owned or operated by, or used in the operations of Vassar's programs and activities over which Vassar College has substantial control.

D. Formal Complaint

For the purposes of this Title IX Grievance Policy, "formal complaint" means a document – including an electronic submission - filed by a complainant with a signature or other indication that the complainant is the person filing the formal complaint, or signed by the Title IX Coordinator, alleging sexual harassment against a respondent about conduct within Vassar's education program or activity and requesting initiation of the procedures consistent with the Title IX Grievance Policy to investigate the allegation of sexual harassment. Full overview of the formal complaint process, and applicable definitions can be found in the College Regulations.

E. Complainant

For the purposes of this Title IX Grievance Policy, Complainant means any individual who has reported being or is alleged to be the victim of conduct that could constitute covered sexual harassment as defined under this policy.

F. Respondent

For the purposes of this Title IX Grievance policy, Respondent means any individual who has been reported to be the perpetrator of conduct that could constitute covered sexual harassment as defined under this policy.

G. Privacy vs. Confidentiality

Consistent with the Vassar College Regulations, references made to confidentiality refer to the ability of identified confidential resources to not report crimes and violations to law enforcement or college officials without permission, except for extreme circumstances, such as a health and/or safety emergency or child abuse. References made to privacy mean Vassar's offices and employees who cannot guarantee confidentiality but will maintain privacy to the greatest extent possible, and information disclosed will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible for tracking patterns and spotting systemic issues. Vassar will limit the disclosure as much as practicable, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

H. Disability Accommodations

This Policy does not alter any institutional obligations under federal disability laws including the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Parties may request reasonable accommodations for disclosed disabilities to the Title IX Coordinator at any point before or during the Title IX Grievance Process that do not fundamentally alter the Process. The Title IX Coordinator will not affirmatively provide disability accommodations that have not been specifically requested by the Parties, even where the Parties may be receiving accommodations in other institutional programs and activities.
