## Referee Registration

Provide list of at least 5 referees (up to a maximum of 8) who will be prepared to write in support of your application and provided detailed information to the Selection Committee:

- i. Furnish the names and email addresses of all your referees.
- ii. Choose reliable people who are likely to respond to requests for written reports as their references will be crucial to your application. Ask their permission before listing them as referees and let them know that they will receive an auto-generated email on behalf of the selection committee in due course. Referees will be provided with Referee Guidance (<http://www.rhodeshouse.ox.ac.uk/files/USARefereeGuidance>).
- iii. At least four of your referees should be academics who have taught you and who can comment on your academic ability and how well they think you would fare at Oxford. All academic references should be from persons whom you have received undergraduate or graduate instruction.
- iv. Other referees can include teachers and other persons who are able to comment critically on whether you fulfil the requirements Rhodes set out in his Will and speak to your personal character. A good referee is one who knows you well, rather than a well-known person who only knows you superficially. It is not advisable to get relatives, close contemporaries or personal friends to be referees.

It is expected that all endorsements and referee letters are submitted online, by the deadline on Wednesday, October 4, 2017.

### Institutional Endorsement Requests for Canada and USA candidates only

In addition to the Referee requests, all USA applicants will need to request the endorsement of his or her college or university. Applicants are advised to check their own college or university endorsement process for special deadlines. Institutional deadlines will always precede official U.S. Rhodes Scholarship deadlines. In 2017, Applicants are encouraged to begin the online process early and to register endorsers and referees as early as possible to permit the timely preparation and submission of institutional letters. Institutional endorsements and referee letters must also be received online and are also expected to be submitted by the deadline. Endorsers will be provided with Endorsement Guidance (<http://www.rhodeshouse.ox.ac.uk/files/USAEndorsementGuidance>).

**IMPORTANT NOTE:** In the referee registration below, please select "Endorsement" only **once** to provide the contact details for your Institutional Endorsement. We recommend registering your endorsement referee first, followed by your academic and character references.
